Introduction

When it comes to the issue of dealing with spiritual marriage or spirit wives and husbands, you need someone who has had years of first-hand experience with this problem. I once suffered from a spirit wife for twenty (20) years, so I know how frustrating it can be.

As a man of God and from shared experiences of various people (young and old) I have interacted with and delivered through deliverance prayer sessions, it is clear that the issue of spirit husband and spirit wife is one that is killing a lot of married couples and singles silently.

The terrible thing is they don't even know what is consuming them up. That is why I am so glad to share this information and my experience with you.

This is a typical problem I have never seen well treated from any platform or pulpit. Many people struggle in silence due to the shame of the subject matter and the fear of rejection associated with issues of a sexual nature.

Pornography, personal gratification, sexual fantasy, and ungodly habits connected to sex are embarrassed to discuss, and the enemy knows it. Studies show that 7 out of 10 people struggle with this issue, yet no one seems to be talking about it. Can you imagine the number of unclean spirits attached to people's lives that keep them locked behind walls of shame, fear of judgment, and rejection?

How can people get delivered if no one treats the subject matter? As an individual, you may suspect that you or your spouse have been having issues with spirit entities disturbing you or sexually harassing you in your dream and you wonder why and how to stop such encounters. I want you to stop worrying and know that you are not alone and you're not a misfortune and that there is a way to be set free.

During these 3 days of deliverance session, I will be working with you to break the soul ties and covenants of demons and spirit spouses and show you how to get rid of spirit spouses from your life so you can enjoy peace and freedom.

Dealing with the Unknown

As one who had years of first-hand experience with these sex demons of the night, I can tell you without a shadow of a doubt, it's not a myth, folklore, or made-up stories, spirit spouses are real.

Before getting to know how to be delivered from or getting rid of spirit wives and husbands, you first have to know more about these spirits and must understand why they are here in the first place.

This is because knowledge is power. When you know what you are up against, it becomes easier to fight back and of course, win the battle.

The Bible says ***“Therefore my people are gone into captivity because they have no knowledge: and their honourable men are famished, and their multitude dried up with thirst”*** (Isaiah 5:13, see also Hosea 4:6).

It is important to remember that one of the first keys to deliverance from any attack is by understanding your enemy. I prayed and studied for an *understanding* of my enemy that is when I finally was able to receive the revelation of what I must do to get total deliverance.

The Supernatural world is as real as the physical. What takes place in the spiritual realm affects us physically in our daily lives.

From my research and statistical findings, I have gathered that 7 out of 10 men and women who admit to being born again are involved, consciously or unconsciously, in spiritual marriage.

At times, the people involved in such spiritual sexual encounters and relationships or marriages are not even aware they have a spirit spouse who is typically so envious and spoils things for the actual human spouse.

This kind of problem has no boundaries as it affects even legally married human couples where the human wife experiences several miscarriages and sometimes actual infertility alongside financial problems and business failures on the part of the human husband.

More often than not, it turns out that the Incubus (spirit husband) or the Succubus (spirit wife) was invited unknowingly or indirectly, by the victim through careless daily, yet spiritual, habits and ignorance.

This issue shouldn't be taken lightly, and you should join the [FREE 3-Day Deliverance Session program to become free.](#)

Chapter 1

Who Is A Spiritual Spouse?

Millions of people have become bond slaves of sexual marine spirits, incubus, succubus, perverse spirits, sex demons, spirit husbands, and wives without knowing how they got caught up in the cobweb.

A spiritual spouse is an illegal partner that betroths itself, marries you, and claims you as its wife or husband. It *fight*s any human being who attempts to be in love with you. It fights tooth and nail to keep you as its own forever.

These spirits violate the law of God. God never created spirits to marry human beings. It is rather these spirits that force us to be their spouse. This act of spirit beings marrying human beings and giving birth to unbalanced children began soon after creation and it has continued to our time. Therefore every individual must be vigilant so as not to become a victim. The Book of Genesis gave us an account of how this unlawful or forbidden act began: ***“And it came to pass, when men began to multiply on the face of the earth, and daughters were born unto them, that the sons of God saw the daughters of men that they were fair; and they took them, wives of all which they chose. And the LORD said, my spirit shall not always strive with man, for that he also is flesh: yet his days shall be a hundred and twenty years. There were giants in the earth in those days; and also after that, when the sons of God came in unto the daughters of men, and they bare children to them, the same became mighty men which were of old, men of renown. And GOD saw that the wickedness of man was great in the earth and that every imagination of the thoughts of his heart was only evil continually”*** (Genesis 6:1-5).

When these sex demons of the night get into your life, you will encounter all sorts of pains, sufferings, problems, and troubles. Many people are facing all kinds of troubles and problems in their lives but have no clue about what or who is the cause of their nightmares. Finding the cause of a problem is a half-way in solving the problem. Therefore, it is necessary to know what or who is the cause of the

pains you have been going through and the strange things that are happening in your life.

Most of these pains and strange things happening to you may be the cause of a sex demon, preserve spirit, spiritual husband or wife, sexual marine spirit, succubus, or an incubus spirit present in your life. When these evil spirits have sexual intercourse with you, you will have spiritual children with them in the spiritual realm unknowingly or perhaps you may know through your dreams.

One thing you should know is that whether you are the demon's wife or the husband you are the one to provide for your spiritual children and sometimes your spiritual spouse or partner as well — you pay for all spiritual expenses with your physical wealth or money. Yes, you heard me right.

This act on the part of these sex demons shows how wicked they can be to their human spouse even though they make love with them to satisfy their evil lust. You become a bondage slave to these marine spirits, sex demons, incubus, and succubus spirits as long as you have not got rid of them.

Some incidents have been reported by some victims that some of these sex demons can manifest physically to have sexual affairs with them.

Nature of Spirit Spouses

Spirit spouses are spiritual enemies living and sleeping with human beings. They are very stubborn, aggressive, and dangerous. They are terrible enemies with killer motives to kill your joy, peace, health, brain, virtue, and marriage. Oftentimes they do not need permission as they violate the right of their victims, molest their victims with sex in the dream. They are desperate and very wicked.

The first thing every individual must do is to know if he or she has a spiritual spouse or is a victim of a sex demon. If you found out that you have a spiritual spouse or you are a victim of a sexual marine spirit, then the second step is to seek for a deliverance minister to help you get your deliverance. You can do that by registering for the [“FREE 3-Day Deliverance Session With the Deliverance Minister program”](#).

Types of Spirit Spouses

The following are the different types of spirit spouses:

1. Unconscious Spirit Spouse

When this type of spirit spouse has sexual intercourse with a person, the person will wake up and not remember anything that happened in the dream.

2. Semi-conscious Spirit Spouse

This type of spirit spouse usually appears and has sexual intercourse with its victim in his or her dreams using the face of the victim's human wife or husband. If not realized, you'll think that it's your human spouse that has been appearing to you.

Whenever you have such dreams and see a close relative or loved one having sexual intercourse with you, don't go about pointing accusing fingers at the one you saw rather pray and unmask the person behind it and you will be surprised to see the demon behind it.

This could also be likened to the situation whereby some demons use the face of your late relatives or loved ones to talk to you for you to trust them and think that it is your loved ones that are talking to you.

3. Multiple/Polygamous Spirit Spouse

This type of spirit spouse comes with different faces or uses the faces of different people such as your uncles, aunties, brothers, sisters, wife, parents, church members, etc. to sleep with you. You will think those people are the ones doing the act and if care is not taken you could start avoiding them.

Polygamous spirit spouse can also have sexual intercourse with you and at the same time also have sexual intercourse with your human spouse or sex partner and even any other person who is close to you as well. They have taste for many humans.

Manifestations of Spirit Spouses

There are about 30 distinct appearances of spirit spouses. They are:

1. Graveyard spirit spouse
2. Celebrity spirit spouse
3. Resident spirit spouse
4. Ancestral spirit spouse
5. Forrest or the woods spirit spouse
6. Projected spirit spouse
7. Physical spirit spouse
8. Transference spirit spouse

Chapter 2

Spiritual Marriage

Many people struggle in silence due to the shame of the subject matter and the fear of rejection associated with issues of a sexual nature.

As an individual, you may suspect that you or your spouse have been having issues with spirit entities disturbing you or sexually harassing you in your dream and you wonder why and how to stop such encounters.

In this chapter, I'll be sharing with you certain things you need to know about spiritual spouses.

Knowledge is power. When you know what you are up against, it becomes easier to fight back and of course, win the battle. The Bible says ***“Therefore my people are gone into captivity because they have no knowledge: and their honourable men are famished, and their multitude dried up with thirst”*** (Isaiah 5:13, see also Hosea 4:6).

As you read this book, you'll discover much-hidden knowledge about spiritual spouses you weren't aware of and certain incidents you overlook or ignored but are having negative impacts on your life.

You'll also realize that certain acts and behaviors of yours are the core cause of your nightmares.

What is Spiritual Marriage?

Spiritual marriage is a close and intimate union between a spirit being and a human being.

There are different types of spiritual marriages:

1. Marriage between a spirit(s) and a human being.
2. Marriage between a human being and an idol(s) or god(s).
3. Marriage between a human being and the occult spirit(s) (Occult Marriage).
4. Marriage between a human being and witches or ancestral spirits.

Spirits such as incubus, succubus, perverse spirits, sexual marine spirits, and sex demons of the night love to have human beings as their partner or spouse.

What Are These Spirits At All?

These spirits are called Incubus and Succubus.

Incubus is the nominal form constructed from the Latin verb, *incubo*, *incubare*, or “to lie upon, an evil or demonic spirit which is capable of taking the manly or masculine human form that comes and lies upon someone to have sex with the person in their sleep; *especially* one that has sexual intercourse with women while they are sleeping. Incubus, to the French, is known as “follet”, the Spanish call it “duende”, the Germans also call it “alp”, and it is termed “folleto” by many Italians.

Succubus is an evil or demonic spirit assuming female human form to have sexual intercourse with men in their sleep.

There are so many types of these beings as there are types of people. They are commonly referred to as “sex demons” or “night demons”. These demonic spirits are primarily spirits of sexual perversion and lust. They are the powerful and high ranking class of demons. We know very well that the human body has 7 body doors (chakras) and they act as energy gateways.

A victim to these spirits could have an encounter with an incubi or succubi in his or her dreams. If this happens, please seek [deliverance](#).

There was a time when I was delivering a lady during the deliverance prayer service, the spirit husband manifested through the lady, saying, *“I have lived more than 1,000 years. I am one of the high-ranking demons. She has been mine since her birth. The covenant I have made with her is very strong. I have children with her and I always take money from her to feed my children and pay for their school fees. That is why she is always poor. Whenever she works, I take the money from her. She was supposed to give birth to female twins for her human husband, but I killed them all because I wanted her to give birth to a male human to replace me in the world of the mortals.”*

Precious one, the issue of spiritual marriage is not a matter to take it lightly. You need to take action to get rid of these sex demons.

This lady is now living a free person, and happily with her human husband and children.

Chapter 3

Entry Points of Spirit Spouses

There are several instances in which a spirit spouse can enter into you and are known as *entry points*. These entry points are also called body doors or body gateways (or “Chakras” by the Hindus.) The human body has 7 doorways or gateways or chakras.

These body gateways have been closed by the Almighty God but can be opened by humans to spirit spouses through certain unlawful acts such as:

1. Engaging in pre-marital sex
2. Watching pornography
3. Masturbation
4. Lesbianism
5. Gay
6. Engaging in spiritism
7. Immorality
8. Tattooing and Incision and so on.

These sinful acts are conscious acts by individuals that invite spirit spouses into their lives to marry them.

Other acts are unconscious means where a person is unaware of what is happening. These include and involve activities that occur when a child is born. The person who received the baby, that is the midwife or the person who bathes the baby can initiate the child into spiritual marriage.

Another means is when parents allow their children to bathe outside displaying their nakedness in the open.

Another dangerous instant is when a menstruating lady crosses a gutter or any water body. This was a very common instant that attracts spiritual spouses to ladies. Many evil spirits are inhabited around gutters, streams, and water bodies. When these spirits smell blood from a menstruating woman, it is an easy instant that demands a covenant with these women.

Some spiritual marriages tend to be transgenerational. This is when the spiritual marriage runs through the family. Which means you can inherit a spiritual marriage from your parents and ancestors. When an evil spirit makes a covenant with an individual; knowingly or unknowingly, they make the covenant with your entire generations. This makes spiritual marriage a very difficult subject.

It is very perturbing how several men of God are dealing with people with spiritual marriages. Most of these pastors just worsen the plight of these victims because of their ignorance of the subject matter. An example is when a pastor will take a victim of spiritual marriage to a water body to do spiritual bathing for them. This act is very demonic and invites more spirit spouses into the victim.

A former grandmaster occultist, Eric revealed that “these 7 openings are sealed by God and opened by man through sin. When they are opened, spirits can pass through these gates or doorways, several at a time”.

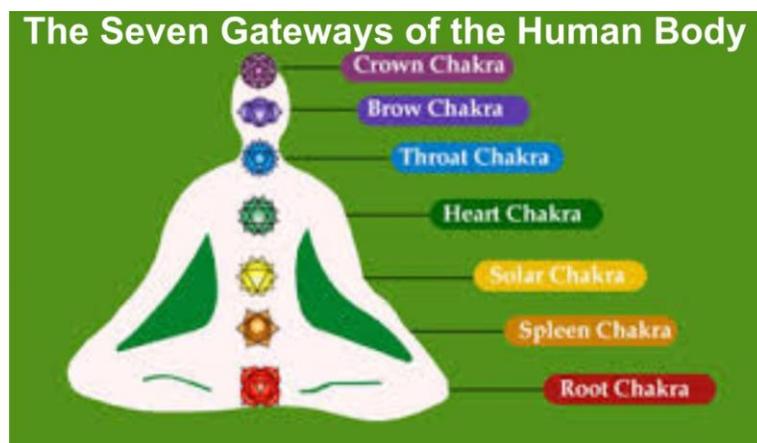

According to Eric, the sins that open the 7 body gates are:

1. Sexual intercourse with a demon in a dream or sex with a prostitute.
2. Illicit Drugs.
3. Visiting a fortune-teller/spiritualist (agent of demons in disguise).
4. Receiving healing through occult powers.
5. Reading occult books.
6. Anger: By anger, demons transmit certain diseases or sicknesses and at the same time manipulate people to seek solutions from witches and occultists — a psychic healer — who himself is an agent of demons in disguise.

Take note: If your involvement with chakras or meridian lines involved you dabbling in false religions, New Age beliefs, Buddha, or anything of the sort, then you have opened yourself up to demons, and need to repent and renounce all such beliefs and practices. Command the demons that have attached themselves to you through your mistaken beliefs and sinful activities to leave and you will indeed gain freedom from spiritual bondage.

If you are experiencing various energy shifts, pulls, sensations of heaviness, heat, and cold, if you find yourself frequently out of control of various body parts, bodily functions, and other manifestations, you are experiencing the outward signs that suggest that you need deliverance from demons. Why? It is either you have *made* an invitation to Hindu gods or you have *given* demons the legal right to attack and possess you.

For those of you who practice Yoga, a spiritual discipline whose goals are to “open the 7 gateways”, your gateways are widely opened to demons or Hindu gods. For the practitioner or victim, a Hindu deity or demon is sitting over each of your chakras (body gateway) as follows:

- 1st – The Root – Ganesh
- 2nd – The Sacral/Navel – Vishnu
- 3rd – The Solar Plexus – Maharudra Shiva
- 4th – The Heart – Ishvara
- 5th – The Throat – Sadashiva
- 6th – The Third Eye/Forehead – Ardhanarishvara
- 7th – The Crown – Shiva

If you have opened any of these 7 gateways, you need to have demons expelled from each door, and then each door must be shut down and closed tightly, the way God intends for them to be.

I have helped a lot of Yoga students and practitioners who have opened their chakras to the Hindu gods get rid of these evil spirits and are living free now.

Chapter 4

Signs Of A Spiritual Spouse

How to Know You Have or Are a Victim to a Spiritual Spouse

There are many ways to know you have or are a victim of a spiritual spouse. From my experience and from people I have delivered through my deliverance prayer session, the following are the true ways to know you have or are a victim to a spiritual spouse or sex demon:

1. Frequent Sex In Dreams

When you dream of *constant sexual intercourse* while sleeping, it is a great sign that there is the presence of a spiritual spouse. If you usually have sex in the dream, you need to seek spiritual help through [deliverance](#).

Incubus, succubus, perverse spirits, sexual marine spirits, and sex demons of the night use the faces of people you are familiar with or unfamiliar with to visit you at night and have sexual intercourse or play romance with you.

These evil spirits have mastered the art of deception and disguise themselves whenever they visit you at night and make love to you.

Whenever you see yourself in a dream having sexual intercourse or making love with your husband or wife, dad or mother, brother or sister, a friend or someone you do not know, believe me, it is no other than the sex demon masquerading himself or herself in false disguise.

This is because it's not in dreams that you are supposed to make love with such people. It is their manipulation to make you distrust your loved ones. An experience of this sort is questionable. The Bible says, *“And no wonder! For Satan himself transforms himself into an angel of light. Therefore it is no great thing if his ministers also transform themselves into ministers of righteousness, whose end will be according to their works”* (1 Corinthians 11:14-15, NKJV).

If you have been having frequent sex in your nightmares, it would be wise to seek deliverance. If you want to be set free from the attacks of these sex demons, [join the FREE 3-Day Deliverance Session program](#).

2. Going Shopping With the Opposite Sex In The Dream

If in your dream, you keep seeing yourself going shopping with the opposite sex, or always traveling with the opposite sex, it may seem to be an indication that you have a spiritual spouse.

3. Marriage In A Dream

Whenever you see yourself wedded to a man or woman in a dream, don't mistakenly interpret it as a good marriage ordained by God which is coming your way soon. It means you have made a spiritual marriage covenant with a sex demon.

This is because, most times, dreams like this prevent many singles of marriageable age from being married physically.

4. Being Pregnant In A Dream

Seeing yourself pregnant in a dream constantly means you are already married to a spirit husband and now you are carrying his developing offspring within your body or being about to produce a new spiritual life — spiritual child.

5. Breastfeeding A Baby In A Dream

Whenever you see yourself breastfeeding a child in a dream, it means you already have a spiritual husband and now you are nourishing his baby with your breast milk. A spiritual baby sucking your breast can lead to breast cancer and other deadly diseases and as well as your blood sacrifice to the demons.

The spirit husband may prevent you from having earthly children or kill your earthly children.

6. Not involving yourself in a relationship

If you have no desire to enter into a love relationship or to love any opposite sex, then it means you are already in a love relationship with a spirit being. That spirit being will not allow you to fall in love with any human being.

Since you have a spiritual love relationship you will encounter the challenge of a godly man proposing marriage to you or a godly woman accepting to be your wife, As a result, your marriage to a human partner will be delayed or may not happen at all. Many men and women have passed the age of 40 yet they are not married or in marriage.

7. Disappointments

Having disappointments at the edge of marriage is a sign of the presence of an incubi or succubi spirit in your life. When men or women are only interested in having sexual intercourse with you and not interested in marrying you, it is also another sign of a spiritual spouse sabotaging your life.

8. Marital Problems

One way to know if you or your human partner has a spiritual spouse is to observe your sexual feelings for your spouse and his or her sexual feelings for you.

When any or both of you become a victim to a spiritual spouse, your natural love for each other will diminish until you have no sexual feelings for each other. You will suddenly hate your human spouse without a cause or reason. It may even lead to separation or a broken marriage or divorce.

A spiritual spouse can put a financial problem on any individual who engages in sexual intercourse with its spouse. The victim will be used as a piece of bad luck to that individual.

Perverse spirits can cause loss of a job or the collapse of business without knowing the root cause.

They will make all doors of help and opportunities to be shut against you or your human spouse. Sex demons always cause financial loss and setbacks in the life of their rival.

Most times when these evil spirits' jealousy grows wild, they kill their rival (human opponent) leaving the human victim as a widow or widower.

9. Irresistible Masturbation

Engaging in masturbation is one of the gateways to your chakras or the open-doors to your body for these sex demons to go into you. If you have been masturbating then know that you are already a victim to a spirit spouse. If you have tried all means to stop masturbating but have failed on several attempts, then bear in mind that you are a bond slave to these sex demons. You need deliverance — **seek it!**

10. Fornication and Prostitution

Some sex demons afflict their victims with sexual immorality. A man or woman may engage in fornication or prostitution without knowing that he or she has been seduced by sex demons.

They may not like that kind of lifestyle but they lack the willpower to stop because there is an evil force of incubus, or succubus or sexual marine spirit behind it.

If you are the type of person that give-in to sex for money or pleasure you can easily become a victim because evil spirits attack through sex.

11. Bestiality

Having the desire to have sex with animals is a sure sign to let you know that you have a spiritual spouse. The desire to have sex with animals, by nature, is not from you but your spiritual spouse residing in you.

12. Hatred

When you suddenly develop hatred towards your spouse without a cause to the point of harboring murderous thoughts towards your spouse, such hatred will make you hate your spouse touching and you'll also hate having sexual intercourse with your spouse. It's surely a sign that there is the presence of a spiritual spouse in your life.

Hatred towards the opposite sex is also another sign of being under the manipulation of a spiritual spouse. When you have an aversion towards the opposite, not that you have been molested at any stage of your life by people of the opposite sex and yet you don't want to have anything to do with them, get to know that you have become a victim of a spiritual spouse. The spiritual spouse is at work in your life.

13. Loss of Items

When you keep on experiencing loss of money and valuable items, even if you are the only one living in a house and you discovered that you can't find your money where you kept it, and your belongings are getting missing, is a major sign that there is a presence of a spiritual spouse in your life and home. You need a higher power to set you free.

If you have realized you have a spirit spouse, you need to go through the [Free 3-Day Deliverance Session With Me](#) to be set free.

Chapter 5

Effects of A Spiritual Spouse

When an incubus or succubus spirit gets access through your opened body gateways/doors (also unknown as “Chakras” by the Hindus) into your body it will begin tormenting, harassing, and manipulating your life.

The following are some of the effects you may encounter as you become a victim to a spiritual spouse:

1. Sudden Death of A Spouse

When there is a presence of a spiritual spouse, a lot of misfortunes will hit you in your marriage. Some spiritual spouses are so jealous and wicked to the extent that they kill every human being that trials to marry you or have an affair with you.

The anger and jealous lifestyle of a spiritual spouse can make it kill your human spouse. Some people have been having this issue that whosoever married them will die suddenly without prior sickness or health issues without knowing that it could be a spiritual spouse at work.

A story in Tobit, a Deuterocanonical book tells us that a spiritual spouse can have fatal effects: *“Tobias said to Raphael, Brother Azariah, I’ve heard that she has already been given to seven men and that they died in the bridal chamber. They dropped dead the very night they tried to have sex with her. I’ve heard people saying that a demon kills them. Now I’m also afraid because the demon loves her and doesn’t harm her but kills anyone who desires to approach her. I’m my father’s only child, and I’m afraid that I will die and bring my father and mother down to their graves with grief over me. Moreover, they don’t have another son to bury them...” (Tobit 6:14-15).*

According to the story, a demon killed them. He doesn’t harm Sarah, but he kills every man who tries to get near her...

2. Low Sex Drive

Though there may be many psychological and medical reasons that can account for a low sex drive, the presence of a spiritual spouse could also result in a low sex drive of a person.

A normal and healthy middle-aged person is expected to have some form of sex drive. But this is the case where a person always dreams of having sex with someone and then after he or she would not even want to have sex with his or her spouse all because such a person's sexual prowess has been diminished.

You see it's evident that the spiritual spouse is more potent than a mere human being which your earthly spouse cannot compete against.

3. Failed Business/Financial problem

When you noticed your business keep failing and you keep recording losses in all your business attempts even when you obey all business principles. Yet, you can't figure out how the whole investment collapses. Some can be so worse that even if you join a thriving business, the business will fall at your inclusion. This is a punishment from a spiritual spouse meted out to you for marrying its spouse.

In some cases, those with spiritual marriages who have spiritual children with their spiritual spouses are being rubbed (their money is being taken away from them) by their spiritual spouse to take care of their spiritual offspring and as a result, lead to financial problems for the victim.

In some circumstances too, the financial problem of the victim could be that the victim's spiritual spouse is jealous of him or her having an earthly spouse or an affair with another person. Due to this, the spiritual spouse could mess up with your business and finances.

4. Disputes In Marriages

Having a spiritual spouse is most likely to lead to problems in any marriage. This is because a spiritual spouse can cause an earthly spouse to disrespect their human spouse. They also incite fights.

Many of the people under the bondage of a spiritual spouse feel an evil hatred for their human spouses that they cannot explain.

A woman may fail to submit to her husband, disrespecting his authority and challenging him at every chance she gets and vice versa. The common notion has always been that some women are dominant than others but look beneath the surface the spiritual spouse wants you divorced by your human spouse. Most men think it's "macho" to come home late, to binge, and generally treat their wives like crap. That too could be the spiritual wife wanting you all to yourself at the expense of your earthly marriage.

5. Bullying

A spiritual spouse is often violent and will attack you by beating, choking, and restraining you. A lady wrote to me telling me about her case which even happens physically. Sometimes she has to put pillows at the back of her body.

Here was the lady's message:

"Every time I go to sleep the demons jump on me and put their legs on me. Last time, a demon came to me in my bedroom and started beating me up and jumped on my back and put his hands through my right eye, and took away my right eye. Sometimes, in my dream, the demons had me dancing when I didn't even want to dance. They have taken over my entire body. I don't like it when someone takes over my body and fight me like a man. Sometimes too, they come in and sit on me and I am unable to move my body. My body becomes stiff and paralyzed and I barely move my mouth to talk. I wanted to know about this kind of stuff and fortunately, I found you online this morning, please help me."

A Spirit spouse can inflict injuries on the body of their victim while sleeping and sometimes, you will notice that there are lots of stretch marks on your body.

For others, they don't see any marks on their body but feels weaker day by day. All the energy in them has been drained by the spirit spouse.

6. Impotence, Bareness, and Related Problems

A spiritual spouse often causes these problems to put off your human spouse or a happy marriage. This is achieved by blocking the tubes, causing miscarriages, fibroids, cancer, and disordering the reproductive system.

7. Difficulties In Getting A Life Partner

Victims of a spirit marriage may try so hard to get life partners but marriage will just seem to be out of their reach due to the presence of a spiritual spouse.

You may be ready to settle down but you always find yourself making excuses and before you know it you are old and marriage doesn't matter to you anymore. You could be lucky to find love but your relationships never last. You always find yourself in heartbreaks and never a happy ending.

And for some people even from their teenage, they have no desire for the opposite sex how much more thinking about marriage. They prefer living a single life and don't even feel like having any sexual intercourse with the opposite sex. Why? Because they have already been married in the spiritual realm and their spirit spouse doesn't want them to have an affair with the opposite sex – the spiritual spouse doesn't want any rival.

8. Sexually Unsatisfied

Due to the presence of a spiritual spouse, your sexual appetite can be insatiable. You see, sex is the best thing that happened to humankind, but everything has a limit. One of the effects of a spiritual spouse with a high sex drive is that no matter how much sexual intercourse you'll have in a day, you're never satisfied. You are always thirsty and no matter if you get it all day it's never enough.

In some cases, it can be as bad as having more than two sex partners at a time and this could cause some problems to your sex organ and could lead to sexually transmitted diseases too.

9. Constant Destruction of Things

A spiritual spouse can be so envious of the human spouse thereby causing damage to things like car, generator, phones, and other gadgets owned by the human spouse. And the human spouse will bear all the blame and burden.

10. Late Marriage

If you noticed that you are a casual lack of concern about weddings or marriage, even though, all your friends are getting married, and you are not worried and still cool with being single; you may be under the attack of a spiritual spouse. This spirit will keep all potential spouses from you until you experience a late marriage or no marriage at all.

11. Several Broken Relationships

A broken relationship should not be a regular occurrence in life. Once you noticed that people you love keep walking out of your life without any quarrel or misunderstanding, and then there is more to it than ordinary. The spiritual spouse may be responsible for chasing potential suitors from you.

12. Nonstop Sickness and Health-Related Issues

The presence of sex demons can cause incessant sickness in the lives of your human children and spouse. There will always be a regular visit to the hospital. Your human children and spouse can be attacked by deadly sicknesses such as cancer, sexually transmitted diseases (STDs), liver or kidney problem, and more.

You or your human spouse may be affected with infertility making it difficult to have children; since the spirit spouse doesn't want you to have any other children in addition to what it has with you. In this case, there may be a series of miscarriages and other reproductive problems in a woman and for a man; he may encounter the problem of low sperm count, pre-ejaculation, and prostate cancer.

Chapter 6

How to Get Deliverance

Whether the spiritual spouse is inside of you or oppressing you from without, is not a major issue of how to get total deliverance. The process is still the same, although it may be a bit more intense and drawn out for someone who has many of these spirits, and for someone who is inhabited by them.

Do not forget that the intention of an incubus and a succubus spirit is to permeate you; the main key to deliverance is to *abort* and *kill* that which they have planted in you. The casting out of these demonic spirits will do nothing to destroy the stronghold that they have built in your life. Thus, after casting out or renouncing and sending away these demonic spirits, do likewise to their offspring (children) and seeds. I will show you how to do that.

Sex demons want to saturate you with lust which will cause you to desire evil things to satisfy and fulfill your soul. They want to infuse you with different spirits of perversion, especially those of a sexual nature, so you will help their cause by committing sexually perverse acts with others and transfer their seeds.

Many people have tried all kinds of experiments, processes, methods, steps and had even gone through numerous prayer deliverance sessions with the so-called powerful men of God and others have even met with powerful sorceries, witches, wizards, magicians, and spiritualists for total deliverance from these demonic spirits but to no avail. If you are one of them, thank God you are reading this book.

There is a secret I would like to reveal to you. All deliverance processes, steps, and methods cannot work for you without meeting the right, gifted and genuine deliverance minister who has been given the right deliverance process by the Holy Spirit of God. Read that again.
